SKILLS

- Dot Net MVC 90%
- Dot Net Core MVC 80%
- Asp Dot Net MVC 80%
- JavaScript 75%
- Desktop Application 60%
- Web Apis 75%
- SQLite 3 Database 80%
- MS. SQL Database 80%
- Oracle Database 80%
- Window Service's 65%
- Micro Services 60%

ADDITIONAL SKILLS

- Visual basic (VB .NET) 55%
- Flutter 2.0 And 3.0 65%
- Xamarin Android 60%
- My SQL Database 60%

PERSONAL INFO

As a .NET developer, it is My responsibility to write efficient and maintainable code that adheres to industry standards and best practices. You should also be proficient in debugging and troubleshooting, as well as collaborating with other members of the development team to ensure successful project outcomes.

EDUCATION

- Feroz gandhi institute of professional studies** **2017 - 2020**
Bachelor of Computer Applications
- Baratilal Gangaram Saraswati Vidya Mandir Inter College** **2013 - 2015**
High School (10th)
- Baratilal Gangaram Saraswati Vidya Mandir Inter College** **2015 - 2017**
Senior High School (12th)

EXPERIENCE

- GREEN TECH INTELLIGENT TRANSPORTATION SYSTEM LLP** **Apr 2021 - Present**
Dot Net Developer
 - Develop software applications using Microsoft's .NET framework.
 - Design software solutions and determine application architecture.
 - Troubleshoot and debug issues in the software.
 - Collaborate with teams and stakeholders in project development.
 - Stay updated with the latest .NET technologies and industry trends
 - Integrate applications with databases like SQL Server or MySQL.
 - Maintain and upgrade existing applications.
 - Write code in languages such as Dot NET, Flutter, Xamarin, Etc.
- TRITAN SOLUTIONS PVT. LTD** **Aug 2020 - Mar 2021**
Dot Net Developer (intern)
 - Assist in developing software applications using the .NET framework.
 - Assist in troubleshooting and debugging software issues.
 - Participate in testing and quality assurance activities.
 - Assist in maintaining and updating existing applications.
 - Stay updated with the latest .NET technologies and industry trends..

TOOLS

- ✓ Visual Studio 2012,19,22
- ✓ SQL Server Management Studio
- ✓ SQL Developer(Oracle Database)
- ✓ Android Studio
- ✓ VS code

SOCIAL CONTACT

- in [PRINCE PRAJAPATI](#) 
- S [PRINCE PTAJAPATI](#) 

ACHIEVEMENT

- ✓ **Certificate course in course**
(core java) Summer Training
2019
- ✓ Solved 50 plus programming problems in various sites like
 [Codewars](#) 

HOBBY

PERSONAL SKILLS

- Good communication - written and oral skills
- Excellent conceptual and analytical skills
- Effective interpersonal skills

LANGUAGE

- Hindi
 95%
- English
 75%

PRESONALITY

- ✓ Communicative
- ✓ Punctuality
- ✓ Creativity

PROJECT

- **Feroz gandhi institute of professional studies Raebareli**
Utter Pradesh(College)
 - ✓ Alumni management system
 - send emails
 - create and edit users
 - create pdf reports for alumni performance
 - resumes
 - used html, CSS, bootstrap and JavaScript for frontend
 - php for backend
- **Project's in Tritan solutions pvt. ltd**
 - ✓ Ecommerce Mobile Application
 - Google login
 - live location
 - Google map Integration
 - E commerce Website with ERP integration
 - In this project I provide support the seniors and fix bug and also some add some function or enhancement
 - ✓ Ecommerce Website
 - [www.kauwwa.com](#)
 - ✓ HTML pages using CSS JavaScript
 - [www.tritansolutions.com](#)
- **Project's in Green Tech Intelligent Transportation System LLP**
 - ✓ HRMS web application and mobile application
 - Camera module (mobile Application & web application)
 - Live location (mobile Application & web application)
 - Firebase notification (mobile Application)
 - SQLite database (mobile Application)
 - SQL server database (web application)
 - Upload and download documents
 - Crystal report
 - ✓ Toll Management System (TMS)
 - Reporting
 - Access Oracle and MS SQL Server database in single project
 - FTP(File transfer Protocol) file transfer
 - Upload and download documents
 - Micro services for sending data lane to server and server to lane
 - ✓ Hardware integration (integrate with the Provided SDK)
 - Camera (Hikvision, Unv, Ahuja (Dahua), Sparsh (Api Based)
 - RFID Fix Reader (Zebra , Ontiga,Tag Master, BISO)
 - Barrier Gate Controller Card (Sagar, Kavyan, BISO, Phenix)
 - Chain way hand-held reader (Xamarin Android)

✓ Toll Management System 2.0 (CURRENTLY ON GOING)

➤ WEB APPLICATION

- Database Connectivity with ORACLE Database and Microsoft SQL Database using entity framework
- Add Lane record ,vehicles info ,lane info , lane transaction, pass type ,payment Method ... etc.
- User Role Based Auth Application (Proving access assigned user)
- User Friendly interface for easy to understand
- Report using JavaScript (Export(.DOC, .PDF, .XLSX), Print using Printer)
- Crystal report (reporting) in asp .NET and Connect with Encrypted Query String

➤ LANE APPLICATION

- Database Connectivity with ORACLE Database and Microsoft SQL Database using entity framework
- Hardware Instigation(RFID, CAMERA, CONTROLLER, OHLS)
- Connect all hardware in single instance using threading
- Complete Transaction with in a millisecond With the help of multi threading and socket
- User Friendly interface for easy to understand

➤ ADMIN APPLICATION

- Connectivity With the Web Apis
- Same As Web Application preforming all the task

➤ PLAZA APIS

- Database Connectivity with ORACLE Database and Microsoft SQL Database using entity framework
- Tokens base Authentication (20 min Section)
- Host On IIS Server for localhost connectivity
- performing All the task frequently

➔ *This Project Based on LAN base Network for security purposes and sending data with bank via bank Apis*

✓ HYBRID CASH ETC MOBILE APPLICATION (Assist)

- Dash Board (SHOW BOTH COMPLETE AND PENDING TRANSACTION)
- ETC Transactions complete by using hand-held (integrate with the Provided SDK)
- For the Offline Transaction Using SQLite 3 Database
- Transfer data using Web service's (Api's)

✓ ETC MOBILE APPLICATION (Assist)

- Dash Board (SHOW BOTH COMPLETE AND PENDING TRANSACTION)
- ETC Transactions complete by using hand-held (integrate with the Provided SDK)
- For the Offline Transaction Using SQLite 3 Database
- Transfer data using Socket And Receiving Response and displaying on the screen

✓ TASK MANAGEMENT SYSTEM

- Used technology (DOT NET MVC , DOT NET API'S, JAVA SCRIPT AND BOOTSTRAP)
- Dash Board (SHOW BOTH COMPLETE TASK , PENDING TASK AND WORKING TASK STATUS)
- Using SQL Database 2019 for the data storing
- Transfer data using Api's with Request and response method

GIVEN THIS JUNE 05, 2023

Transforming complex challenges into innovative solutions,
fueling success through strategic thinking and technical expertise
And Continuous learning and growth are the keys to unlocking
limitless potential.
